DEDICATION

In grateful recognition of their work for The Future Farmers of America and The Future Homemakers of America, we the Annual Staff of Tipton High School, wish to dedicate THE 1957 TIGER to Mr. and Mrs. Herman Grizzle. They, for the past few years, have given unselfishly of their time to these chapters.

This short period of time they have worked here has seen them leading both chapters to the highest goals in their fields. The success that we witness today is largely the fruits of their guidance.

For these and many other innumerable reasons, we dedicate this annual, hoping that it will in some measure show our deepest appreciation.

The image consists of six panels arranged in a 2x3 grid. The top row shows a man's face with increasing levels of noise: the first panel is the original image, the second is a highly noisy version with black and white blocks, and the third is a processed version where the noise is removed, leaving a clear image. The bottom row shows a processed version of the man's face, a highly noisy version, and the original image again. The panels are separated by thin black lines.
